# Dog cookies

the cake is ready. If there's dough on the knife, bake for another 10 minutes and repeat the test process.

After the cake has cooled, it can be decorated with some of the other cookies and treats in this book, such as Turkey Balls, Spelt Potato Hearts, Banana Biscuits or Cream Cheese. There are no limits so let your imagination run away with you! You can also use Cream Cheese as 'cement' to ensure the decorations stay put.

## Treat tip

The cake can be stored in the fridge for 2-3 days, but ensure it's at room temperature before serving.

# Doggie Ice Cream

Refreshment for hot summer days!  
Pop a few into your dog's Kong® to keep him cool and absorbed.

## Ingredients:

1 natural yoghurt  
1 ripe banana  
Mixed herbs

## Preparation:

Mash the banana with a fork and then mix in the yoghurt. Place a sprinkle of herbs at the bottom of each compartment in an ice-cube tray and add enough mixture to bring it level with the top of the compartment. Place in the freezer.

### Caution!

Don't feed your dog too many of these, because some dogs do not tolerate cold ice cream very well

# Cream Cheese Pralines

## Ingredients:

200g (7oz) cream cheese  
100g (4oz) low fat quark  
Sesame seeds  
Finely chopped parsley  
Linseed seeds  
Small pieces of raw vegetables  
(carrots/broccoli/parsnip)

## Preparation:

Mix the cream cheese and quark, then chop the vegetables into tiny pieces and add these to the mixture. Moisten your hands and make little balls out of the mixture, then roll them in the sesame seeds, linseed seeds, parsley or other herbs.

### Treat tip

Beautifully packaged, these treats make the perfect gift!
